

To whom it may concern,

I am deeply concerned about Sinclair Broadcasting's forcing their stations to air an anti-Kerry documentary days before the election.

A is a clear example of the dangers of media consolidation.

Since Sinclair uses public airwaves, it is obligated, in my opinion, to provide a balanced view essential to a healthy democracy.

Instead Sinclair is using public resources to promote a political agenda. The FCC needs to take action to stop this and other attempts to subvert our democracy.

Thank you.
